MONASH University

FIT2081 Mobile application development - S1 2023 MUM

ExtraTask_Week7 (With lab attendance code)

Please provide a new function to delete all the books with price > 50 to your book library application.

Hint:

- Create a new function in Dao with correct SQL command to delete books with price > 50
- Complete the functions in Repository, and ViewModel
- You may put the function in either drawer menu or option menu

Attendance code (Week 7 labs):
